

2021 GT2 Challenge Supplemental Regulations 6 Hour Endurance Event

Event Definition and Naming

This event is one race, to be held on Sunday, 4th April 2021. Officially, the event will be called “2021 GT2 Challenge: Round 0a - 6 Hours of Westhill”, and the short name will be “GT2C 6 Hours of Westhill”.

Event Entry and Eligibility

There are 32 slots free for the race session. No limit to total number of entries. Entries may be either teams of drivers, or solo drivers. 28 entries are reserved initially for teams of drivers, the remaining 4 slots are held for solo drivers. We encourage drivers to team up for this event, and will prioritize team cars over solo entries. Entries open as soon as the thread is posted, and will close at 18:00 UTC 3 April 2020. A team of multiple drivers can have up to 6 drivers on its roster.

For this event only, your entry is also your confirmation to the race.

Drive Time Limitations

A solo driver must agree that s/he will make every attempt possible to finish the majority of the race distance. A driver who does not feel he can complete at least 85% of the race distance on their own should seek a team.

A driver in a team may do no more than 75% race distance. There are no limitations to how much one driver can do in a single stint.

Qualifying Procedure

All teams with driver(s) who participated in the season, will have the average of their points taken. These teams will be ordered in start position by their average points, in descending order. Entries that were all part of the same team during the regular season will be given a 10 point bonus for each round their team attended, added to the total prior to the average.

All teams who comprise entirely of cars that did not partake in the season will get a 15-minute qualifying session, and take up spots behind all cars made up of drivers who did participate in the season.

6 Hour Endurance Event**

Race Procedure

The race will start with a formation lap, into a dual file rolling start, as per the series rules book.

Pitstops and driver swaps may be made at any time that the pit lane is open. Drivers joining prior to or leaving after a driver swap should do so within a lap of their car's stop. Drivers loitering in the server may be removed from the server.
