Driver Information

Drivers should wear flat soled shoes or trainers.

We recognize that each persons tolerance of climate / temperature varies. We advise that all event attendees should dress according to their tolerance of the outdoor temperature at the time of their event ; i.e.: layers during the colder months of the year if you feel the cold.

We must strongly advise that children are not brought to race events. In circumstances where it cannot be avoided, children must be supervised at all times.

Whilst we aim to accommodate all drivers unfortunately there can be some circumstances where we would advise drivers who have any concerns about their capabilities due to age, size or health to check with ourselves. Thank you.
